Read the article and complete the table.

Hello, everyone! My name's César and I'm from Valledupar Colombia. My hometown is quiet, and the weather is always hot! I'm always happy to go to school and I never get bored, because I get on very well with all my classmates and teachers because they are funny. Sometimes I'm tired and sleepy, because I wake up at 5 o'clock in the morning to do chores. At 6 o'clock I have breakfast, then, I ride my bike to school and at 7 o'clock I start classes! After school, I'm tired, so I have a rest. But in the afternoon, around 3 o'clock I feel more excited and impulsive to study, so I do my homework. I usually finish my homework about 5 o'clock, because I'm usually still feeling as a positive person, I go to basketball practice with my school team, they are so friendly. I love playing basketball, but I'm disappointed if we lose; but then I go for a walk and I always feel better!
