MEMORY GAP-FILL

Play the audio and fill the gap with the correct information as needed.

I live Raval Carrer de la Cera. When I want to go out for dinner I have a lot of options. There is a Burger King my house. If I want pizza, there is a pizza restaurant my house. There is an excellent tapas restaurant my house, and if I feel like having a kebab there are 3 kebab shops !

Kebabs, hamburgers and pizzas aren't very healthy so I need to exercise. Fortunately, there are two sports centres my house. One problem is that the academy where I work is my house, but I can catch the bus there from the bus stop Pia School.
