### It's ok to watch and enjoy it.

Paulo\_Clemente 30 August 2018

Leonardo is a spoiled man who has money, a lot of women and no respect for anyone. Kate has a hard life, works delivering pizzas, in a cleaning company, studies to be a nurse and she has 3 daughters. When they meet, he treats her really bad, so when he is with amnesia, she makes a plan.

It is a typical romance comedy, nothing new, and it is not my favorite genre, but the acting is good and it's amusing. Faris and Longoria are very good but Eugenio is the best!

### Here's the problem...

DragonFireBreather 13 April 2020

ZERO chemistry between the actors. My socks and shoes have more chemistry. This is what happens when you have a director with no experience in films, put the entire plot in the trailer, and then release it.

I have no problems with remakes as long as they are enjoyable, but this one is a disaster.

amusing fun awful ridiculous second-rate  
thought-provoking predictable enjoyable  
touching disaster horrible absorbing

### Don't Go Near the Water

Danusha\_Goska 1 June 2018

"Overboard" is one of the worst movies I've ever seen, and I've seen "Santa Claus conquers the Martians". It's boring and a second-rate movie.

The ending is predictable. A nice, pretty blonde single mother tells a man he is her husband, makes him work hard, do the housework and take care of the children. Of course we know what it is going to happen. It is awful!

### Better than I expected

adscarrel 26 July 2018

The film is directed by Rob Greenberg, and the stars are Anna Faris and Eugenio Derbez. It is a fun movie, so I would recommend watching it. I don't give it 10 stars because it is a remake.
