Read the following texts. Identify and then answer the following questions based on the texts!

Text 1: Cars and Accidents Car is the most popular transportation. However, there are many different causes of car accidents in streets. Firstly, sometimes accidents are caused by bad weather. Water or snow can make roads very dangerous. Secondly, accidents also can result from problems with the car. Even a small problem like a flat tire can be serious. Bad roads are another cause of accidents. Thirdly, some accidents are caused by drinking too much alcohol. Knowing some factor causing accident is extremely important to prevent accident while driving.	Text 2: The importance of English English is an International language. I personally think that English is the world's most important language. English is spoken by many people all around the world, either as a first or second language. Moreover, English is also the key which opens doors to scientific and technical knowledge, which is needed for the economic and political development of many countries in the world. Furthermore, English is a top requirement of those seeking jobs. Applicants who master either active or passive English are more favorable than those who do not. From the fact above, it is obvious that everybody needs to learn English to greet the global era.
