

## Blackpink Born Pink tour is a HOT MESS

Blackpink had their very [REDACTED] concert in Seoul, kicking off their tour and “boy did a lot happen”.

From the whole [REDACTED] being unsynchronized and offbeat, lipsyncing and bumping into one another to Jenny performing one of her unreleased songs, Lisa pole [REDACTED] on [REDACTED] and Jisoo performing Liar by Camila Cabello is enough to say that this concert has been full of surprises and this is only day one of their tour.

Also, a few K-pop idols were spotted at their concert. We had Minnie from (G)I-DLE, half of TWICE members were there, Lia and Yuna from ITZY were also spotted there and Lisa’s [REDACTED] came to support her.
