6) _____**AQUATIC ECOSYSTEM**

Aquatic ecosystems are the home of lake, river, and sea animals.

Some examples of aquatic ecosystems are:

- Lake ecosystem.
- River ecosystem.
- Ocean ecosystem.

5) _____**LAKE ECOSYSTEM**

The lake ecosystem is the home of lake animals. Frogs and ducks are some examples of lake animals.

**RIVER ECOSYSTEM**

The river ecosystem is the home of river animals. Otters and capybaras are some examples of river animals.

**OCEAN ECOSYSTEM**

The ocean ecosystem is the home of sea animals. Fishes and turtles are some examples of sea animals in oceans.

ALL ECOSYSTEMS ARE DIFFERENT AND WE NEED TO RESPECT THEM ALL.

THE PLANET EARTH IS OUR HOME AND WE NEED TO PROTECT IT.
