Use of English Topic: Travelling

You are going to read an article about an unusual walk. In each line there is one word that is unnecessary. It is either grammatically incorrect or does not fit in with the sense of the text. Read the text and then copy the unnecessary word in the space at the end of each line. The task begins with an example.

GRANDMOTHER SETS OFF

Rosie Pope, aged a 57-year-old grandmother, set off	***aged***
for a walk yesterday. Nothing very surprising is about that,	1.
you might think so. But the walk – or rather a run - is	2.
in fact a 30,000 km journey on foot path from the UK	3.
across Europe to Russia. She thinks it will take her up two	4.
years to complete it. Thirty years ago, she has sailed around the	5.
world single-handed. Since then time, she has ridden a bicycle	6.
through Chile and has run away across the Sahara Desert. But	7.
this, she says, is her most biggest challenge. She's trying to raise	8.
money for an orphanage in Russia and want to increase awareness	9.
about cancer. She has no team to help her so has to carry on everything	10.
she needs in a rucksack.
