Use this handout to guide your presentation. Check off the signposts you use(d) in your presentation

You do not need to use all of the signposts in your presentation.

Try to use at **least 5 – 6 of the signposts**. You can record yourself making the presentation. Use Vocaroo to record yourself: https://vocaroo.com/ Then, listen and use a * to tick off the items you heard yourself say in your presentation.

To introduce the topic and tell the audience what to expect
