- 5 Would you like chips with that?

E. Read the blog and decide if the statements (1-5) are **R** (right) or **W** (wrong).

THE FOUR CORNERS

I've just got back from The Four Corners, a new restaurant that has become the most popular place to eat in town.

The reason for its popularity is simple. The Four Corners offers dishes from all over the world. You can eat Italian spaghetti, Chinese noodles, Indian curry and lots more here. In fact, the waiter told me that they serve one dish from each country in the world. I'm not sure I believe him, but it was a very big menu!

I chose spaghetti with tomato sauce. I've had this in lots of restaurants and sometimes it can be a little boring. Not here! The pasta was perfect and the sauce was just like my mother used to make! I haven't had a pasta dish that good for ages. Later, I had apple pie with ice cream. It was perhaps the best apple pie I've ever eaten.

I recommend The Four Corners to anyone who wants a good night out with delicious food. Why don't you book a table tonight? I know I'm going back there as soon as I can.

1. The restaurant has been open for a long time. _____
2. The menu has food from just three countries. _____
3. The writer enjoyed the food he ordered a lot. _____
4. The writer says his mother didn't use to cook pasta. _____
5. The writer wants readers to go to the restaurant. _____
