

Tom the farmer

Tom works on a farm.

He has two sheep, one horse, three chickens, five dogs, four cats, ten cows, and seven goats.

He grows carrots and corn.

He has two children, a boy and a girl.

The boy is eight years old and the girl is three.

They both love to eat carrots and corn, but steak is their favorite food.

1. Where does Tom work?
2. How many sheep does Tom have?
3. How many horses does Tom have?
4. How many chickens does Tom have?
5. How many dogs does Tom have?
6. How many cats does Tom have?
7. How many cows does Tom have?
8. How many goats does Tom have?
9. What does Tom grow?
10. Does Tom have two children?
11. How old is the boy?
12. How old is the girl?
13. What do the children like to eat?
14. What is the favorite food of the children?
