

My Favourite Food by Tara

My favourite food is a delicious dessert called a pavlova. It's named after a ballet dancer called Anna Pavlova! Pavlova is sweet. My favourite type of pavlova is strawberry pavlova. To make pavlova, you need six eggs, a small packet of sugar, a pot of cream and lots of strawberries!

The outside of the dessert is called a meringue. It's made from the eggs and the sugar. My mum makes pavlova in the summer when there are lots of strawberries.
