Maintaining family traditions - activities passed down from generation to generation - is a great way to encourage bonding

between family members and reinforce one's sense of identity and belonging. However, keeping traditions alive requires a lot of commitment and planning. While most people attach family traditions to predictability and stability as the activities are repeated every year, some may find **them intimidating**, as they can be overly expensive or necessitate too much planning. When creating family traditions, you should ensure that activities or experiences are simple. Think about cooking days or movie nights. These traditions are easy to establish and maintain. Likewise, it should not cost a lot of money to continue a tradition. There are plenty of free options available out there that families can consider. Also, if an option does not work, do away with it. There is no point in carrying on going to the opera when most members deem it a daunting experience. For sure, no one wants to repeat an activity again and again simply because it sounds good. The bottom line is that everyone has fun and looks forward to the tradition year in, year out.

41. Why should a family tradition be simple?

- A. It is easy to start with and to be repeated later. B. It can bring a lot of fun. C. It can be planned long before. D. It won't be too expensive.

42. According to the passage, what is one of the characteristics of a good family tradition?

- A. It should contain an element of surprise. B. It must be free of charge. C. It builds on togetherness. D. It involves a lot of investment in terms of time and effort.

43. The word "them" refers to _____.

- A. commitment and planning B. predictability and stability C. family activities D. people

44. What does the passage mainly discuss?

- A. Why family traditions are important B. How to maintain family traditions C. The way to build up one's sense of belonging D. Examples of family traditions

45. The word "intimidating" is CLOSEST in meaning to _____.

- A. terrifying B. pleasing C. unstable D. exciting
