

..... a breath
..... your head
..... your eyes
You're alright
Just lay
To my side
Do you my heat
On your skin
Take off your
Blow out the
Don't be so
You're right
Take off my

Oh bless me father
Don't ask me.....
You're right
Home I stay
I'm in, in
Do you my hips
In your
And I'm laying.....
To my side
Do you taste the sweet
Of my skin
In my heart just
Raise so faster

I drawn myself in holy water
And my eyes
Just bright so much harder
And IGod
Oh yeah so much closer
In the
I see your
Can you my heat
On your skin
