

EXERCISE 6

Read an email about a visit to New York. Choose **True** or **False**.

Hi, Max!

We arrived safely last week. Our hotel is in the centre of the city, near most of the tourist sites. On our first day, we went on a trip round the city on a tourist bus. It was fantastic! We've already been to Central Park and taken a boat trip on the river. We've also visited the Statue of Liberty. This morning, we went to the zoo in Central Park. It's quite small and doesn't have many big animals. There are no lions, tigers or elephants, but it's really beautiful and has really good views of Manhattan.

Have you ever been to New York? Have you read anything about the history of the city? Have you heard about other interesting places to visit in New York?

I'll write again before we leave.
