There is a question as of why students from famous universities are so smart. The answer lies in their study habits, which should be developed by all students from early ages with help from parents and schools.

First, a habit of frequent reading is what children should have. It is understandable if a child does not like reading in his early life. What parents and teachers should do is to explain the importance of daily reading to children. Simply, parents can encourage their children to bring books in their handbags to read in their leisure time. Teachers can share their book picks with their students.

Second, writing daily is one of the most essential skills for any students, so they should be provided with opportunities to express themselves in writing and not scared of being marked by their teachers. Thanks to daily writing, their writing ability will be improved.

Third, parents should encourage their children to question their teachers. It is widely known that questioning is a way to gain Knowledge Additionally, it is also learned that parents and teachers should let students find answers to the questions first because no one knows where their search may lead them.

17. Students at top universities are all born smart.

18. Students should start to form good study habits when they go to university.

19. Daily reading is a good habit that should be encouraged among children.

20. Teachers can share with their students about what books they read.

21. What do the words "their teachers" in line 10 mean?

A. teachers' teachers B. parents C. children's teachers D. parents' teachers

22. The purpose of students' questioning their teachers is _____

A. improve reading B. improve writing C. find the answer D. gain knowledge
