Question 1
Reading

Texto: Our Town. Corresponde as questões 5 – 10
Our town – What 's wrong and what can we do about it?

- (1) Our town is a mess, and that's not good for tourism. I hate the litter in our streets. Why can't people put it in the trash cans? It isn't difficult. We need to educate people quickly. We need more trash cans and billboards saying "Don't litter!" and things like that.

We also need to punish people who litter. I think they should spend a day picking it up.

Charlie, 14

- (2) People always complain about the kids in our town. They don't like us hanging out at the shopping center. They say they don't feel safe. But we never cause trouble. We only meet up there because there's nowhere else for us to go.

We need more things to do and more places to go. A youth club would be great. There are lots of empty buildings downtown. They could use one of them.

Mark, 15

- (3) The biggest problem in our town is the cars. There are too many cars on our roads, and drivers don't care about pedestrians. They drive really fast. Some of them don't even stop at crosswalks! I ride my bike everywhere and I just don't feel very safe, even when I'm in a bike lane. We can stop this problem easily. Let's get more traffic cameras to catch these fast drivers.

Pauline, 15

- (4) People like to complain about the graffiti on the walls of buildings downtown. They think it's ugly. I agree that a lot of it is. But if you look closely, some of this art is really good. Some of these people paint really well. Why don't we use them to make the town more attractive? I think we should create graffiti walls where these artists can show off their art. Maybe this will stop the problem of them doing it illegally.
