U3. Water in OUR Cities
Vocabulary

1. *Read the key words and their definitions. Then put their translation next to the word:*

AIGÜES SUBTERRÀNIES - ECOSISTEMA - ECONOMIA - JUST/EQUITATIU

MASSA D'AIGUA - RED D'AIGÜES - SEGURETAT HÍDRICA

- **BODY OF WATER** (noun)

A large amount of water on the earth's surface such as a lake, river, pond, or ocean.

- **ECOSYSTEM** (noun)

A group of living and nonliving things that interact in a physical environment.

- **ECONOMY** (noun)

A community's systems for making and exchanging goods and services.

- **EQUITABLE** (adjective)

Accessible to all people in the ways they need to be healthy and happy.

- **GROUNDWATER** (noun)

Fresh water that is below ground, under layers of rock, clay, or sand.

- **WATER SECURITY** (noun)

When people have enough safe water to be healthy and happy, can care for ecosystems, and are safe from water pollution and extreme weather.

- **WATER SYSTEM** (noun)

The bodies of water, materials, and people that supply safe water to homes and businesses.

LIVEWORKSHEETS
