kelas :

Penjumlahan & pengurangan aljabar

Petunjuk : lengkapilah kotak kosong dibawah ini. jumlahkan atau kurangkan sesuai dengan soalnya

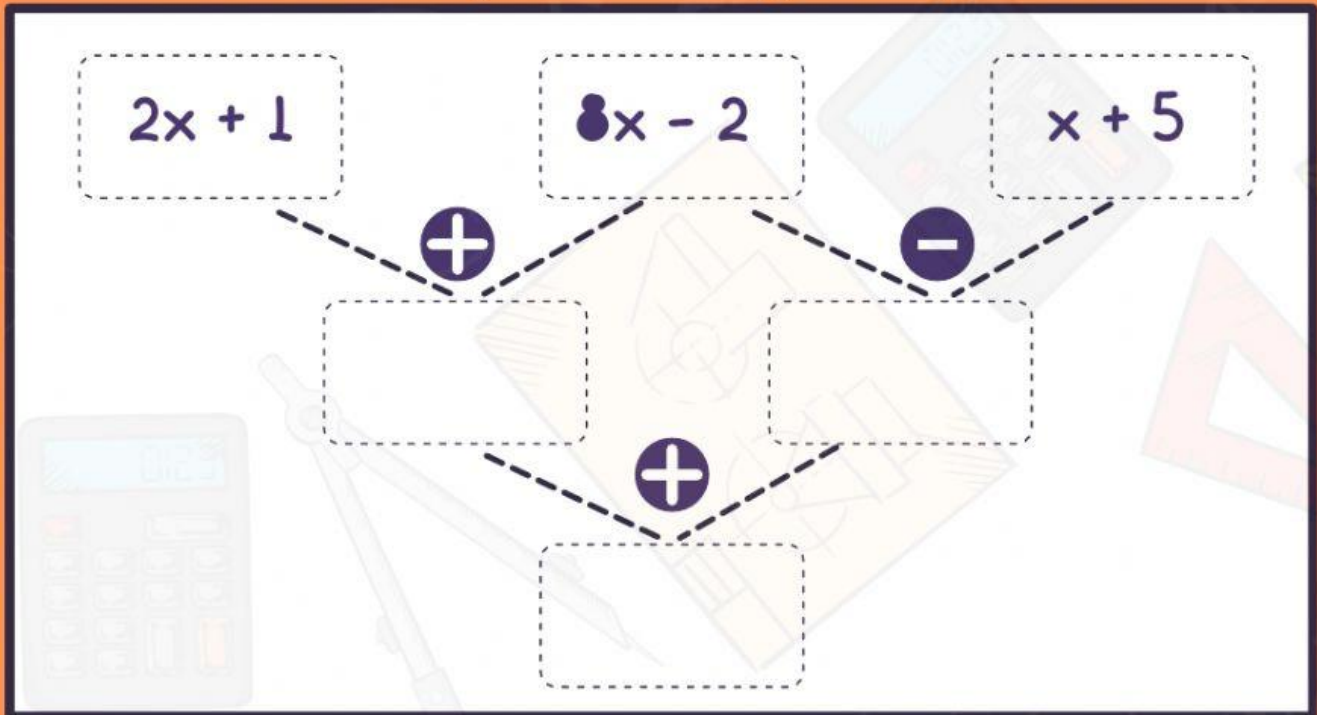

Diagram showing algebraic expressions in boxes connected by dashed lines with operation symbols (+ or -) in circles. The flow is as follows:

- Top row: $2x + 1$, $8x - 2$, $x + 5$
- Second row: A box connected to $2x + 1$ and $8x - 2$ with a $+$ symbol; a box connected to $8x - 2$ and $x + 5$ with a $-$ symbol.
- Third row: A box connected to the two boxes in the second row with a $+$ symbol.

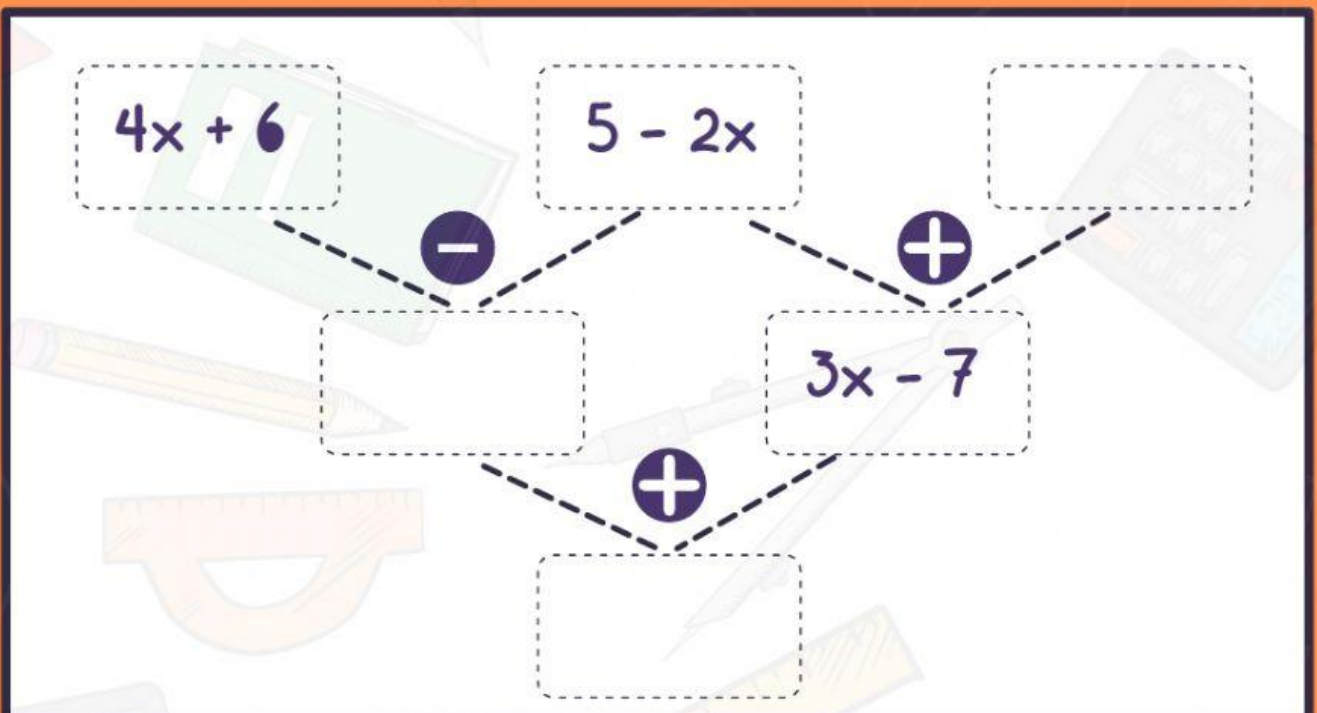

Diagram showing algebraic expressions in boxes connected by dashed lines with operation symbols (+ or -) in circles. The flow is as follows:

- Top row: $4x + 6$, $5 - 2x$, and an empty box.
- Second row: A box connected to $4x + 6$ and $5 - 2x$ with a $-$ symbol; a box connected to $5 - 2x$ and the empty box with a $+$ symbol.
- Third row: A box connected to the two boxes in the second row with a $+$ symbol.
