

## Exercise 2

Read the information. Then look at the table quickly and decide what type of information you need to listen for.

Match the information with the questions. There are more types of information than you need.

In Section 1 of the IELTS Listening test, look quickly at the questions before you listen. This will help you decide what type of conversation you are likely to hear, and what the people want to achieve or find out.

In this type of task, you usually need to listen for nouns: things, people, objects or numbers (for example, dates, times or prices).
