Questions (17-20): Read the passage then pick out ONE best option (A, B, C or D) to answer each question (1.0 pt)

Acne is a skin condition. It causes small, red spots on the face and the back. It affects 70-80% of young people between 12 and 30. More girls have acne than boys. It's not a serious disease but young people want to avoid it.
Here are some tips for taking care of skin with acne.
- Go to bed early and get enough sleep.
- Eat more fruit and vegetables, and less fast food.
- Wash your face with special soap for acne, but no more than twice a day.
- Don't touch or pop spots, especially when your hands are dirty.
- If **it** gets serious, see a doctor.
