

What do you know about Scotland?

Scotland is a small country but it is very beautiful. It includes over 700 islands! Scotland is a part of the United Kingdom, along with England, Wales and Northern Ireland. It shares a border with England only. It is smaller than England, but larger than Wales and Ireland. Its area is about 80,000 sq / km. Its population is over 5 million people. The national symbol of Scotland

is the Scottish thistle (see the picture). Does it grow in Belarus? Scotland is a country of mountains, lakes (we call them lochs) and forests...

Scotland is also famous for golden eagles, tartans and bagpipe music... and it's the home of golf.
