

Present Simple Tense

In everyday actions, we add 's' to the verb for he, she, and it nouns. But in questions, we don't put 's' to the verb.

We use the helping verbs 'does' for he, she, and it nouns in questions and 'do' for we, you, I and other plurals.

Select the right form of the verb.

3. Milo and I (eat , eats) ice-cream on Sundays.
4. Miss Manny (lives , live) close to our house.
