

# STANDARD ENTHALPY

Drag a line to match the equation with the correct definition of the following standard enthalpy.

Enthalpy of formation of  $\text{Fe}_2\text{O}_3$

Enthalpy of neutralisation

Enthalpy of atomisation of  $\text{Br}_2$

Enthalpy of solution of  $\text{LiCl}$

Enthalpy of atomisation of  $\text{K}$

Enthalpy of combustion of  $\text{C}_3\text{H}_8$

Enthalpy of hydration of  $\text{Mg}^{2+}$

Enthalpy of atomisation of  $\text{Mg}$

Enthalpy of solution of  $\text{KBr}$

Enthalpy of formation of  $\text{KBr}$

Enthalpy of combustion of  $\text{Fe}$
