Dear Diary,

At ten o'clock last night I was in bed. I heard a noise outside and I was very scared. I got up and opened my bedroom door. I walked (1) past / up my mum and dad's room and then I went slowly (2) through / down the stairs to the hall. I quietly walked (3) around / along the hall to the kitchen. I opened the kitchen door and I looked (4) around / along the room. Just then, my cat jumped (5) across / through the kitchen window. I laughed happily and I went (6) up / down the stairs to bed again.
