

### Activity 3

Ali and Abdulla have collected electrical components to make a poster for their science lab.

Help them to complete the poster below.

| Component Picture                                                                   | Component name | Type | Measuring Unit |
|-------------------------------------------------------------------------------------|----------------|------|----------------|
|    |                |      |                |
|    |                |      |                |
|  |                |      |                |
|  |                |      |                |
