2. Reading

Usain Bolt is a runner. In 2008, he won three gold medals at the Beijing Olympics.

When Usain was a boy he played cricket and football. He wanted to be a famous cricket player.

In 2004 Usain ran in the Olympic Games in Athens (Greece) He didn't win a medal.

How does he run so fast? Is it because he's tall? Many athletes are around 182cm tall but Usain Bolt is 196cm tall. He's taller and his legs are longer.

Write T (true) or F (false)

- a) Usain Bolt won three medals at the Beijing Olympics
- b) He wanted to be a famous football player.....
- c) He won a gold medal at the Athens Olympics.....
- d) He is taller than many athletes.....
