

# Total fixed costs

**Total fixed costs = Sum of all fixed costs**

**Elegance Abaya factory in Ajman has the following fixed costs:**

- monthly rent Dh20,000
- monthly salaries Dh18,000
- internet Dh800
- insurance Dh1,200

Now you can practice calculating the 4 types of costs, i.e. variable and fixed costs.

# Quiz: Total fixed costs

**Total fixed costs = Sum of all fixed costs**

A furniture factory in Sharjah has the following fixed costs:

- monthly rent Dh40,000
- monthly salaries Dh20,000
- internet Dh400
- insurance Dh1,600

Now you have to calculate the total fixed costs. You can use the 4 types of costs, i.e. monthly rent, salaries, internet and insurance to calculate them.

Pausing the video while you do this activity is a great way to practice.
