

## **I. Project-Based Learning:**

**Instructions: Select the best word from the drop-down menu to complete the paragraph:**

Project-based learning (PBL) is an \_\_\_\_\_ approach that focuses on having students solve real-world problems. It involves having students work in teams to research a problem and develop a solution. This approach encourages students to think \_\_\_\_\_ and use their creativity to find solutions. It also requires students to \_\_\_\_\_ and communicate \_\_\_\_\_ with each other. This helps them to develop important skills such as \_\_\_\_\_, teamwork, and communication that are essential for success in life in general and in our modern world in particular.

PBL is a student-\_\_\_\_\_ instructional approach that involves students in solving real-world \_\_\_\_\_ and creating \_\_\_\_\_ projects. It is an \_\_\_\_\_ approach that encourages students to think critically, build collaboration skills, and develop deeper knowledge and \_\_\_\_\_ of the subject matter.
