Name/Class:

My Digital Camera

This is my digital camera. Auntie *lis* gave it to me on my birthday last week. My camera is very small and thin. It is very light and easy to carry. It is small enough to fit my pocket. It also looks very attractive. The color is metallic light green. Its shape is rectangle, but it has rounded edges. I use my camera to take pictures and record videos. I can use it for all kinds of weather. It is water resistant, too. I really like my camera. It is my most favorite thing.

1. What is the writer's most favorite thing? 1.
2. When did she/he get it? 2.
3. What does the writer use the camera for? 3.
4. Can the camera be used in cold weather? 4.
5. Does water damage the camera? 5.

LIVEWORKSHEETS

This is my favorite thing. It is my sling bag. It is a nice small bag with a long strap. It is brown and made of leather. It looks really cute. My sling bag has two parts: the main part and the small pocket on the front. I use the main part to put money, my mobile, and student card. This part has a zipper with a nice zip tag. The small pocket does not have a zipper. I use it to put coins and my train card. I use the bag whenever I go out because it is very practical and waterproof.

1. How big is the sling bag?
2. What color is it?
3. What is it made of?
4. How does it look?
5. Does the writer put her money in the part without zipper?
6. Can rainwater get inside the bag?

1.
2.
3.
4.
5.
6.
