

- 8 Fill in: *disappear, recycle, become, protect, waste, pollute, save, throw away, donate* in the correct form.

HELP THE PLANET

8 simple things that can make a difference!

- 1 Don't leave lights on when you don't need them. You electricity this way.
- 2 everything from paper to soup tins to reduce waste.
- 3 Have a shower instead of a bath. This way you on the amount of water you use.
- 4 Exhaust fumes the air. Use public transport or your bike as much as you can.
- 5 old TVs or fridges to a charity*. Don't throw them away.
- 6 Read the newspaper online to trees from being cut down.
- 7 Don't food – use what you didn't eat to make soup or sandwiches.
- 8 Endangered animals can soon Join a conservation group to help stop them from extinct.

* organisation that raises money to help people in need

- 3 ★★ Fill in: *ride, burn, donate, recycle, throw away, turn off, use, have*.

Eco tips

- 1) paper and glass bottles.
- For short journeys, 2) your bike.
- Don't 3) old clothes;
- 4) them to a charity instead.
- 5) a shower instead of a bath.
- When you leave home, 6) the lights.
- 7) public transport.
- Try not to 8) fossil fuels.

- 1** ★ First, match the words (1-6) to the correct word (A-F). Then use them to complete the poster.

1	air	A	species
2	global	B	rain
3	public	C	pollution
4	endangered	D	groups
5	environmental	E	warming
6	acid	F	transport

SAVE OUR PLANET!

- If we don't stop
7)
the Earth will become too hot.
- There are already many
8) and if the planet gets
hotter, these animals will become extinct.
- The main problem is 9)
caused by burning fossil fuels. This makes the Earth hotter
and also causes 10) to
fall from the sky.
- But we can help! We can use 11)
..... Instead of driving our cars and we can
also join 12)
and work together to help save the
planet.
