3. Read the article and the comments. Then choose the correct answers.

Pick it UP!

Litter makes our neighbourhood dirty and ugly. It's up to us to keep our streets clean and the best way to do this is not to drop rubbish. Have you got any other ideas?

JOHN Buy food that has less packaging. For example, don't buy fruit that comes in plastic bags or boxes. Buy it fresh and put it in a reusable bag. Drink water from your own container (a reusable bottle) – don't buy a new plastic bottle every day.

SUE Talk to your friends and family. Tell them how important it is to be clean and keep our town pretty. We all want to have a clean house, but what about our village, town or city? Write to newspapers and magazines and ask them to write articles about picking up litter.

GILL Don't wait for your friends to start picking up litter. Do it yourself first! When you're cycling to school or walking the dog, pick up pieces of paper or plastic that you see in the street. Throw it in the first rubbish bin you see.

ROGER Organise a 'clean-up day' with your friends or the people at your club. Find a place in your town that is dirty, for example, the park or the school playground, and decide a time and day to clean it up. You can pick up litter, paint the benches or walls, water the plants, and so on. There's so much to do!

1. **Packaging** / **A reusable bag** produces more litter.
2. Cleaning our town is **more important than** / **as important as** cleaning our houses.
3. Pick up **any** / **your friends'** litter in the street.
4. A 'clean-up day' is a day to **organise jobs** / **make a dirty place clean**.
