QUESTION 2: Read the paragraph and answer the questions.

This is my friend Sam. He's from the USA. Sam's family live in a big house near the national museum. Every day, Sam wakes up early at half past five and goes to walk in the park. In the park, he meets his friends and they do some sport for about an hour. First, he has breakfast with his family at seven. He usually drinks a glass of milk and has a cheese sandwich. He doesn't like tea. Next, he starts his on-line classes. His first lesson is always math. He enjoys math a lot, but he thinks that art is the best. Today, in English they are going to talk about their daily routine. After lessons, Sam plays some video games with his on-line friends.

Now, choose the correct answer A, B or C.
