

## Final Test English 33204

### A. Fill in the blanks with words from the box.

atmosphere  
layer

barometer  
precipitation

influences  
satellites

Meteorologists study the different layers of the <sup>1</sup> \_\_\_\_\_ to better understand weather patterns. Equipment such as thermometers and <sup>2</sup> \_\_\_\_\_ are useful for studying the troposphere. Above this <sup>3</sup> \_\_\_\_\_ is the stratosphere, where the jet stream blows. The jet stream <sup>4</sup> \_\_\_\_\_ fronts in lower atmosphere. The next layer of the atmosphere is harder to study because planes can't fly there and <sup>5</sup> \_\_\_\_\_ orbit above the layer.
