

Venn Diagram for Biome Comparison

Include the following information for each biome. If the information is similar for both biomes place the information in the center of both overlapping circles. Use your notes and kiddle website

Factors to include: Worth 100 pts. (14 possible answers = -7 points per missing or incorrect answer)

1. Climate-average highs & low temperature/ per biome
Desert_____ Tundra_____
2. Average amount of precipitation/per biomeDesert_____
Tundra_____.
3. Location-List 2 or more countries/states-U.S./per biome.
Desert_____ Tundra_____.
4. Two (2) animals/per biome and **adaptive traits for each animal.**
Biome A:
Animal 1_____ Adaptive trait_____
Animal 2._____ Adaptive trait_____
Biome B:
Animal 1_____ Adaptive trait_____
Animal 2._____ Adaptive trait_____
5. Two (2) plants/per biome a **adaptive traits for each animal.**
Biome A:
Plant 1_____ Adaptive trait_____
Plant 2._____ Adaptive trait_____
Biome B:
Plant 1_____ Adaptive trait_____
Plant 2._____ Adaptive trait_____
