46. My friend (**not be**) _____ at the party last Sunday, so he (**not know**) _____ what happened.

READING

I. Read the following passage and decide whether each of the statements is TRUE or FALSE.

As children, we can do many things to save fresh water. Firstly, you can save showers rather than baths. Short showers use less water and also there is less use of energy to heat the water. However not keeping yourself clean is NOT an option. Secondly, clean your teeth by putting water into a glass. Use the water for wetting your toothbrush, rinsing your mouth and cleaning, your brush. You can also help your family save water by using a watering can to water plants and vegetables in the garden rather than using a hose. Maybe you could help recycle the water from the washing machine. And you can help your school save water by switching off taps properly and using the water fountain for drinking water.

Statements	True/ False
47. Using showers can save more water than baths.	
48. You shouldn't use a glass of water for cleaning your teeth.	
49. A hose should be used to water plants and vegetables.	
50. The water from the washing machine should be used for other things	

51. You should switch off the taps properly to help save water at school.

II. Choose the option (A, B, or C) that best completes each numbered blank in the passage.

Three ways everyone can help make the Earth a greener place is to reduce, reuse, and recycle!

When people reduce it means they are using (52)_____ of something. This allows us to create less waste. Turning off the faucet when we brush our teeth is a simple way to reduce. This is a small action that prevents us from wasting (53)_____.

Another small action people can take is to reuse things we already have. Taking bags to the store (54)_____ we shop for food is one way to reuse them. Using both sides of piece of paper before getting a new one is another way to reuse.

(55)_____ is when new materials are created from old ones. Paper, plastic, and metal are all materials that can be recycled. Things like newspapers, soda cans, and plastic bags can all be turned (56)_____ new objects if we take the time to recycle them!

- | | | | |
|----------------|----------------|--------------|-------------|
| 52. A. much | B. more | C. little | D. less |
| 53. A. energy | B. electricity | C. water | D. time |
| 54. A. when | B. what | C. how | D. while |
| 55. A. Reusing | B. Reducing | C. Recycling | D. Reacting |
| 56. A. out | B. up | C. down | D. into |

III. Read Leo's report about his favourite sport. Choose the correct answer A, B or C.

"Water polo is a new sport at our school, but we have a good team now. We practise after school on Thursday at the Northside Pool and we're doing well in the National Schools Competition.

There are seven players in a water polo team. The game is a bit like football because each team tries to score a goal with a ball. But in water polo you don't use your feet - you catch and throw the ball with one hand. And you never stop swimming. A game lasts 32 minutes, and in that time you swim up and down a 30-metre pool lots of times. If you aren't fit, water polo isn't the sport for you!

For me, it's great, because I love being in the water and I can swim fast. I also enjoy being part of a team. We have some excellent players and we're all good friends. So it's fun, and it's also a fantastic way to get fit."

Leo Johnson

57. People play water polo _____.

A. in a stadium

B. in a swimming pool

C. at the beach

58. His team plays ____.

A. well

B. badly

C. in a new competition
