

Click on top of the boys, and listen. Drag each one of them to the corresponding place in "The City".

The city map features several locations: a house, a store with a woman shopping, a police station with a police car, a hospital with an ambulance, a school, a gas station with two pumps, and a fire station with a fire truck. There are also traffic lights, a stop sign, a pedestrian crossing sign, a 'no entry' sign, and a parking sign. A road with dashed white lines winds through the city.

Below the city map is a row of six boys, each in a colored box. From left to right, they are wearing blue, red, purple, brown, dark green, and light green clothing. The boy in the dark green box is highlighted with a yellow border.
