Hi, everyone! My name is Luna. This is my mother, Sharon. She is quite busy because she wants to organize a surprise party to celebrate my grandparents' 50<sup>th</sup> wedding anniversary. She wants to have the celebration at Club Garden on 15<sup>th</sup> February. Because she can't do all these things alone, she arranges an appointment with a professional celebration planner. Her name is Megan Martin, and she is very popular because her events are always successful. My mom tells her everything about the surprise party because Megan thinks that she should know the host very well to organise a perfect event. After the appointment, Megan sends my mom a detailed plan of the event and some catalogues. She wants my mom

to prepare a guest list and choose an invitation card. My mom doesn't want to invite a lot of people, only relatives and close friends. So, there are twenty people in our guest list. Megan sets some rules for the guests. Because it is a surprise party, no one should talk about the event. On the event day, Megan decorates the garden with my grandparents' photos. She prepares special food and beverages. She also arranges special clothes, a black suit for my grandpa and a beautiful white dress for my grandma. My mother and I welcome the guests. When my grandparents come and see their friends and family waiting for them, they are surprised.
