

Name:

Solve the Word Problems

What do you need to do to solve the problem?

Show your work.

1. Seven candies were in the bin. Some of the candies were removed from the bin. Now there are zero candies. How many candies were removed from the bin?

2. Some spinners were in the closet. Two spinners were taken from the closet. Now there are zero spinners. How many spinners were in the closet before some of the spinners were taken?

3. Caleb has four balls. Jared has seven balls. How many more balls does Jared have than Caleb?

4. Ann has two fewer pears than Shara. Shara has six pears. How many pears does Ann have?

5. Three oranges are in the box. Three oranges are taken out of the box. How many oranges are in the box now?
