**Q1. Read the following paragraph in which Tony is having a problem.  
Help him solve the problem by writing the correct steps.**

Tony's class was playing football during recess. He was having a lot of fun! When the ball went flying into the air, he quickly ran to catch it. Instead of catching the ball, the ball hit Tony's head. Tony fell to the ground. "My head really hurts" he told his teacher. Tony's teacher took him to the school clinic. Nurse checked Tony and applied an ice pack on his head. Soon his head began to feel better.

**Q3. Read the passage below. Identify and write the problem and its solution.**

Ben liked reading. He often visited the library and there he faced a problem. He could not reach some books as they were high on the shelves. One day, Ben had an idea. He had seen a tool at the far end of the library. It was a long pole with a claw at the end. The claw was similar to a hand. Ben took the pole and pulled the cord to open and close the claw. Now, he could easily reach any book that was kept high on the shelves.
