

Task 1: Watch video: <https://www.youtube.com/watch?v=AAY1bsazcqM>

Task 2: Calculate the perimeter of each of the shapes- write the answers inside the shapes.

Task 3: Can you calculate the perimeter of the shapes below?

a. Perimeter:	b. Perimeter:	c. Perimeter:
------------------------------------	------------------------------------	------------------------------------

Reasoning: How do you work out the perimeter of a shape?

Do you always have to have the measurement of each side, before you calculate the perimeter?
