*Will you be an astronaut or a clothes designer?  
Are you curious to find out?  
Travel in my time machine with me,  
Discover what our future jobs will be.*

<sup>1</sup> ... will build houses made of glass.  
Inventors will invent robots to do our chores.  
<sup>2</sup> ... won't treat us with medicine,  
They'll give us ice cream with chocolate sauce.

*Chorus*

What will you be? 

<sup>3</sup> ... will take care of unknown animals.  
Sports people will play with rocket footballs.  
<sup>4</sup> ... won't just search for ancient bones,  
They'll dig for lost cities, London,  
Paris and Rome.
