For

In my opinion, there are a lot of **advantages** to doing voluntary work..... benefit is that it makes people think about other people who are less fortunate than they are. What I..... is that if you do voluntary work, you will understand the problems that exist in society.

Another of doing voluntary work is that you become a better person – less selfish and more generous.

Against

First of all, I agree there are a lot of advantages to doing voluntary work, but I think there are..... too. One of the.....disadvantages of voluntary work is that it can take up a lot of time. What I mean is, voluntary work could stop you helping your own family or friends, or take time away from your studies..... disadvantage of voluntary work is that you don't earn money, so you are still dependent on your parents for everything. To be....., I think we should learn to be independent from our parents as soon as possible.
