

Segundo se reproducen 🐱

Segundo o modo en que nacen os animais, podemosos clasificar en:

🐰 **Vivíparos.** Son os que nacen do ventre da nai.
Por exemplo:

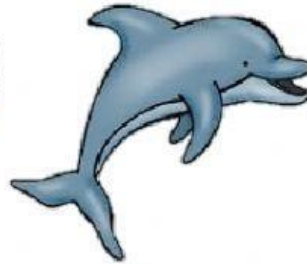

balea

mono

raposo

golfinho

morcego

🥚 **Ovíparos:** Nacen de ovos. Por exemplo:

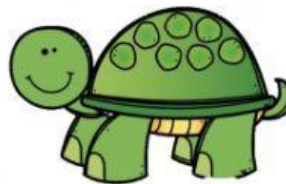

pita

serpe

flamenco.

tartaruga

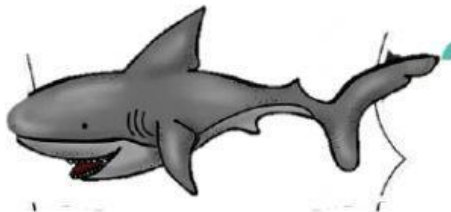

rã

🐡 **Ovovivíparos:** Estos animais tamén nacen de ovos, pero diferéncianse dos ovíparos en que o ovo está dentro da nai até que está completamente desenrolado e pode nacer.

ornitorrinco

quenlla

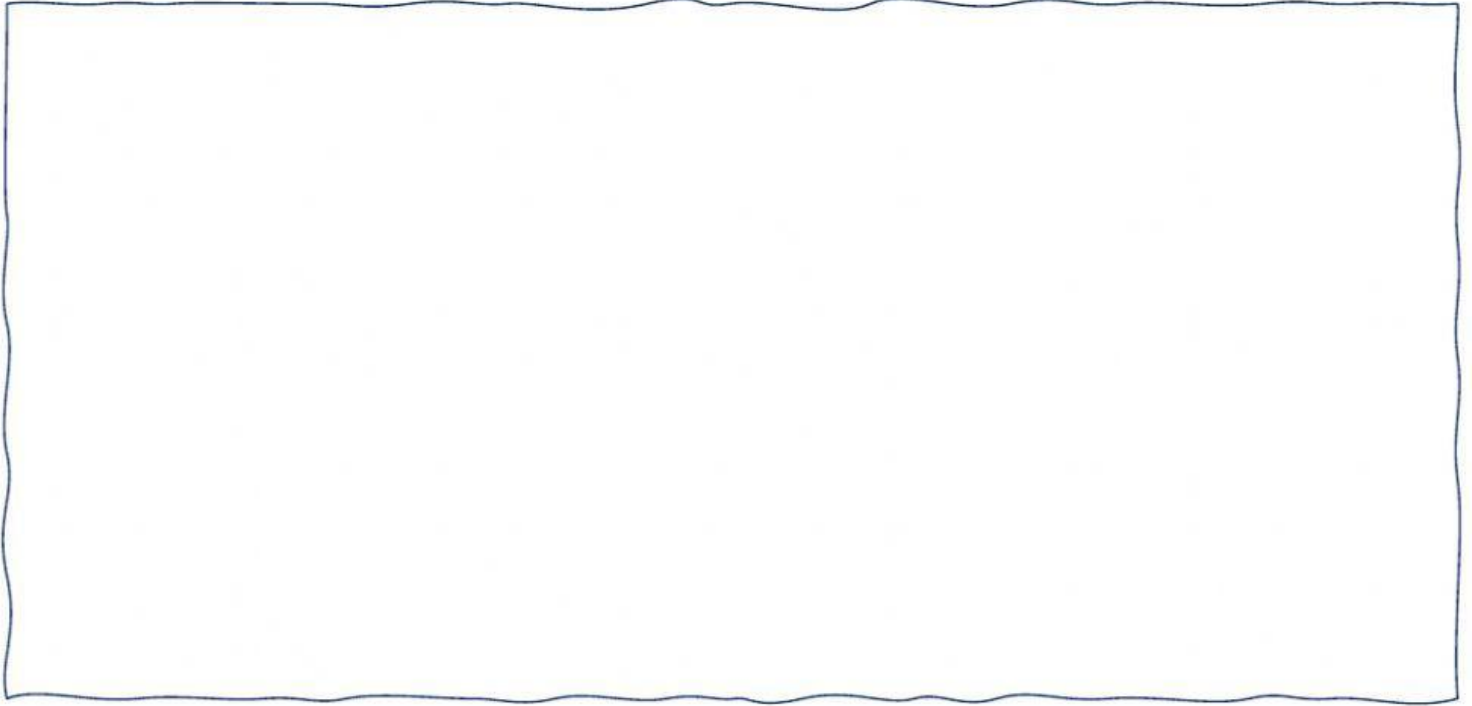

cabalino de mar

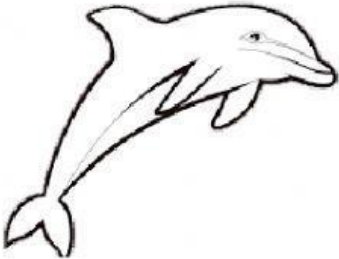

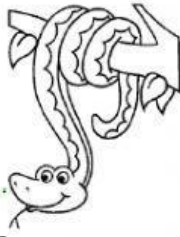

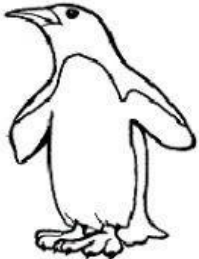

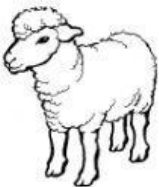

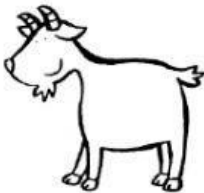

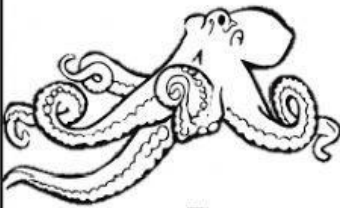

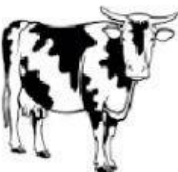

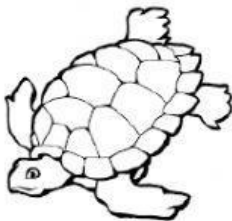

boa
