Spy Kids 2:
The Island of Lost Dreams ★★★★★
by Stephanie Granger, year 9

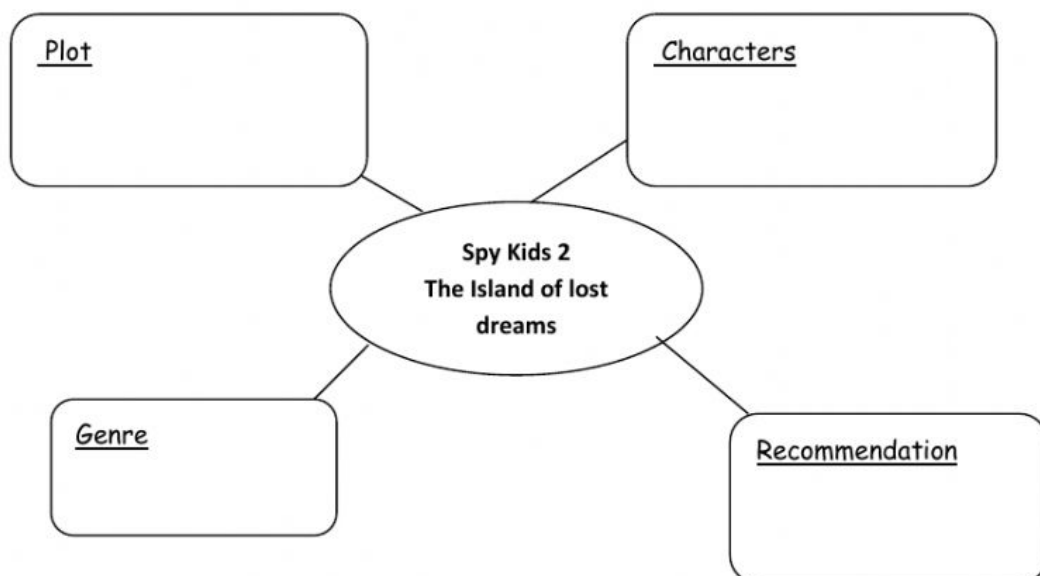

Spy Kids 2 The Island of Lost Dreams is a great action film about the Cortez family. Mum and dad (Carla Gugino and Antonio Banderas) are real **government spies** who suddenly **disappear**. Their two kids, Carmen and Juni (Alexa Vega and Daryl Sabara), are the only people on earth who can **rescue** them.

The kids, **armed** with a bag of **high-tech gadgets**, face horrible monsters and become heroes as they manage to **save** their parents and the world from the child robots.

Spy Kids 2 is a film **full of action** and adventure. It is the **perfect** film for the whole family. Don't miss it.
