

## Homework- Thursday, June 11th Kids 5

4 Read and complete. Use the words in the box.

average climate extreme opposite temperature tourists

The weather in a place is called the <sup>1</sup> \_\_\_\_\_. In the places in the photos, the climate is <sup>2</sup> \_\_\_\_\_ – the weather is very hot, cold or rainy. It's very hot in the Lut Desert. The <sup>3</sup> \_\_\_\_\_ can reach 70 degrees Celsius. The Atacama Desert in Chile looks like the moon. Lots of <sup>4</sup> \_\_\_\_\_ visit it every year. This rainforest gets an <sup>5</sup> \_\_\_\_\_ of 13 metres of rain each year. The climate in Oymyakon, Russia, is the <sup>6</sup> \_\_\_\_\_ of the Lut Desert. It isn't hot, it's very cold.

15 Read and match.

- |   |  |
|---|--|
| 1 Not many people go to the Lut Desert. | a because of the cold climate.         |
| 2 The Atacama desert is very dry        | b As a result, the trees grow quickly. |
| 3 It rains a lot in Lloró, Colombia.    | c As a result, it's a quiet place.     |
| 4 Not many people live in Oymyakon      | d because it never rains.              |

Find the odd one out.

**THINK  
BIG**
