School

Escucha y haz click en los utiles escolares

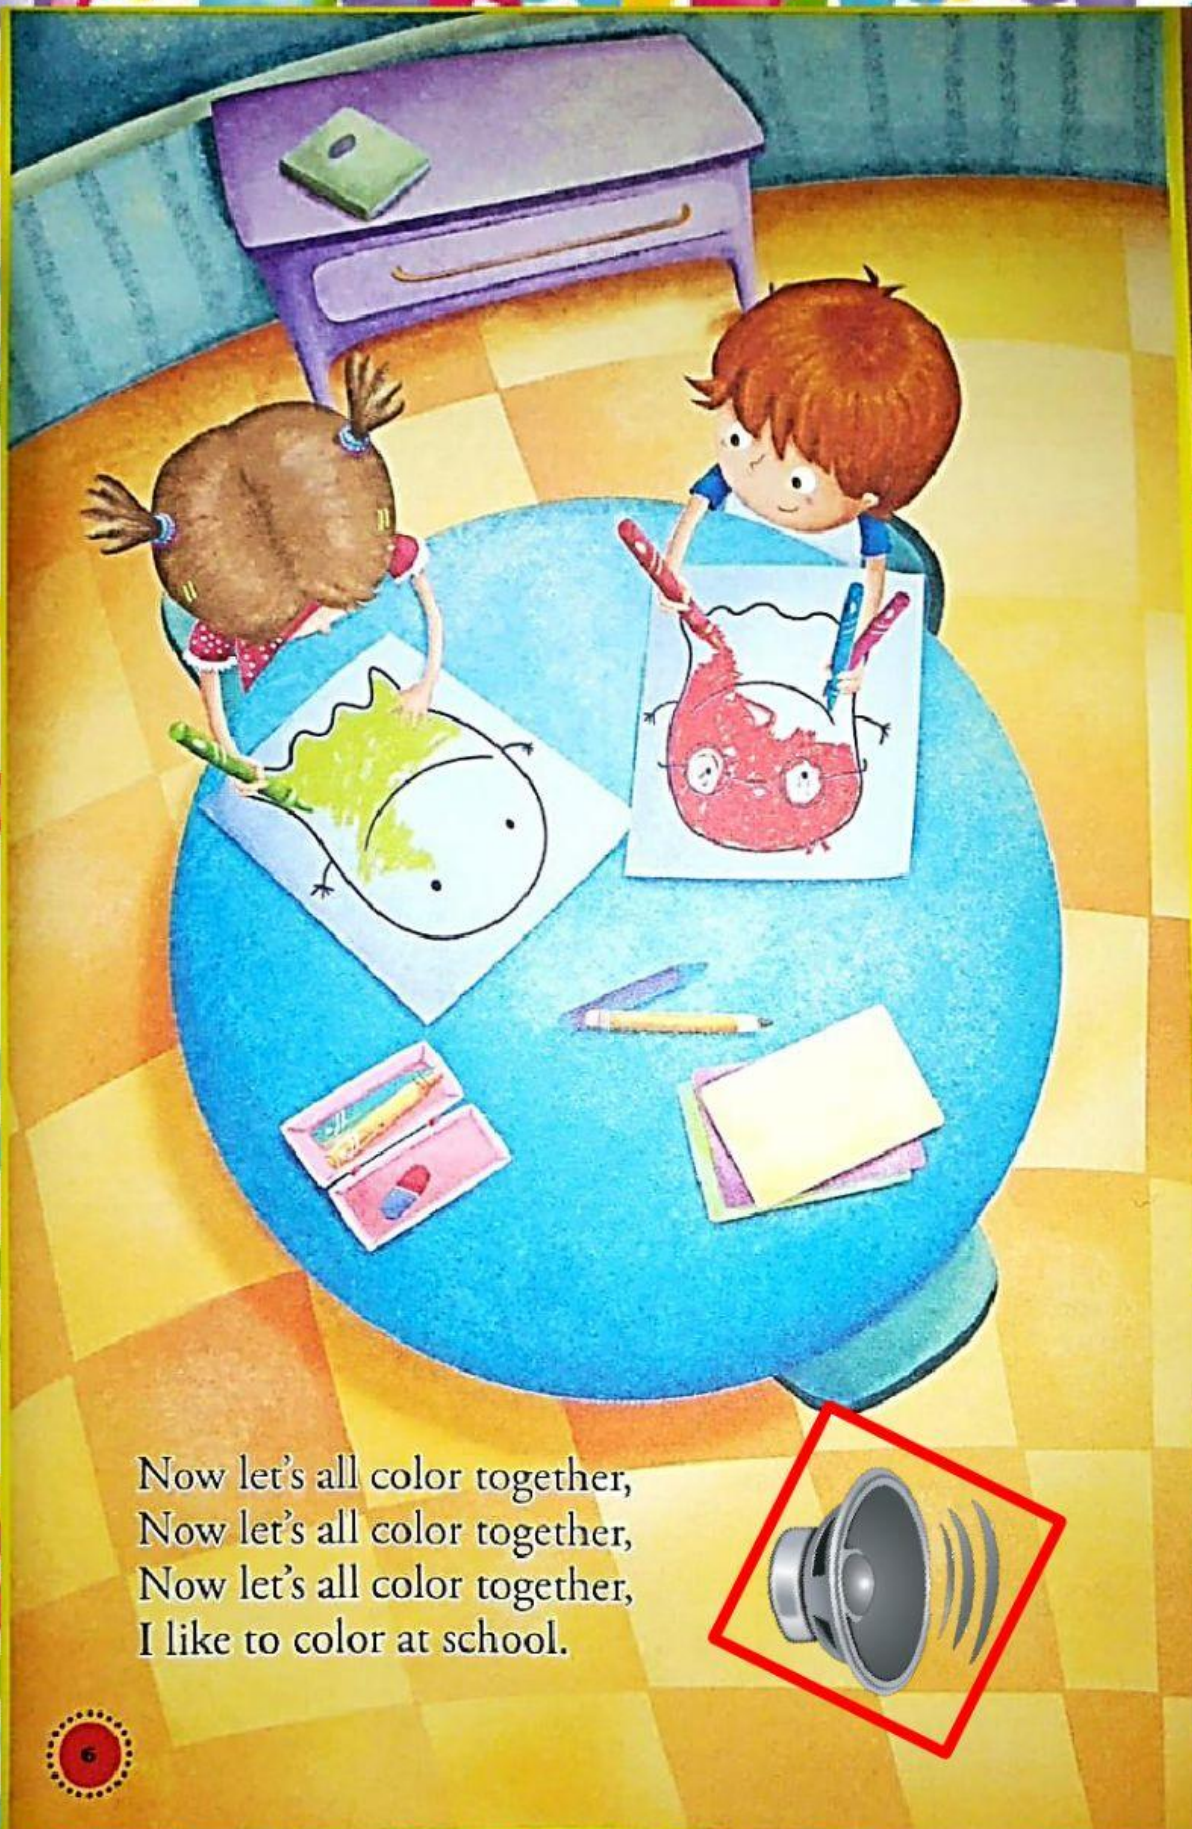

It's time to go to school,
It's time to go to school,
It's time to go to school,
All you boys and girls.

Now let's all draw together,
Now let's all draw together,
Now let's all draw together,
I like to draw at school.

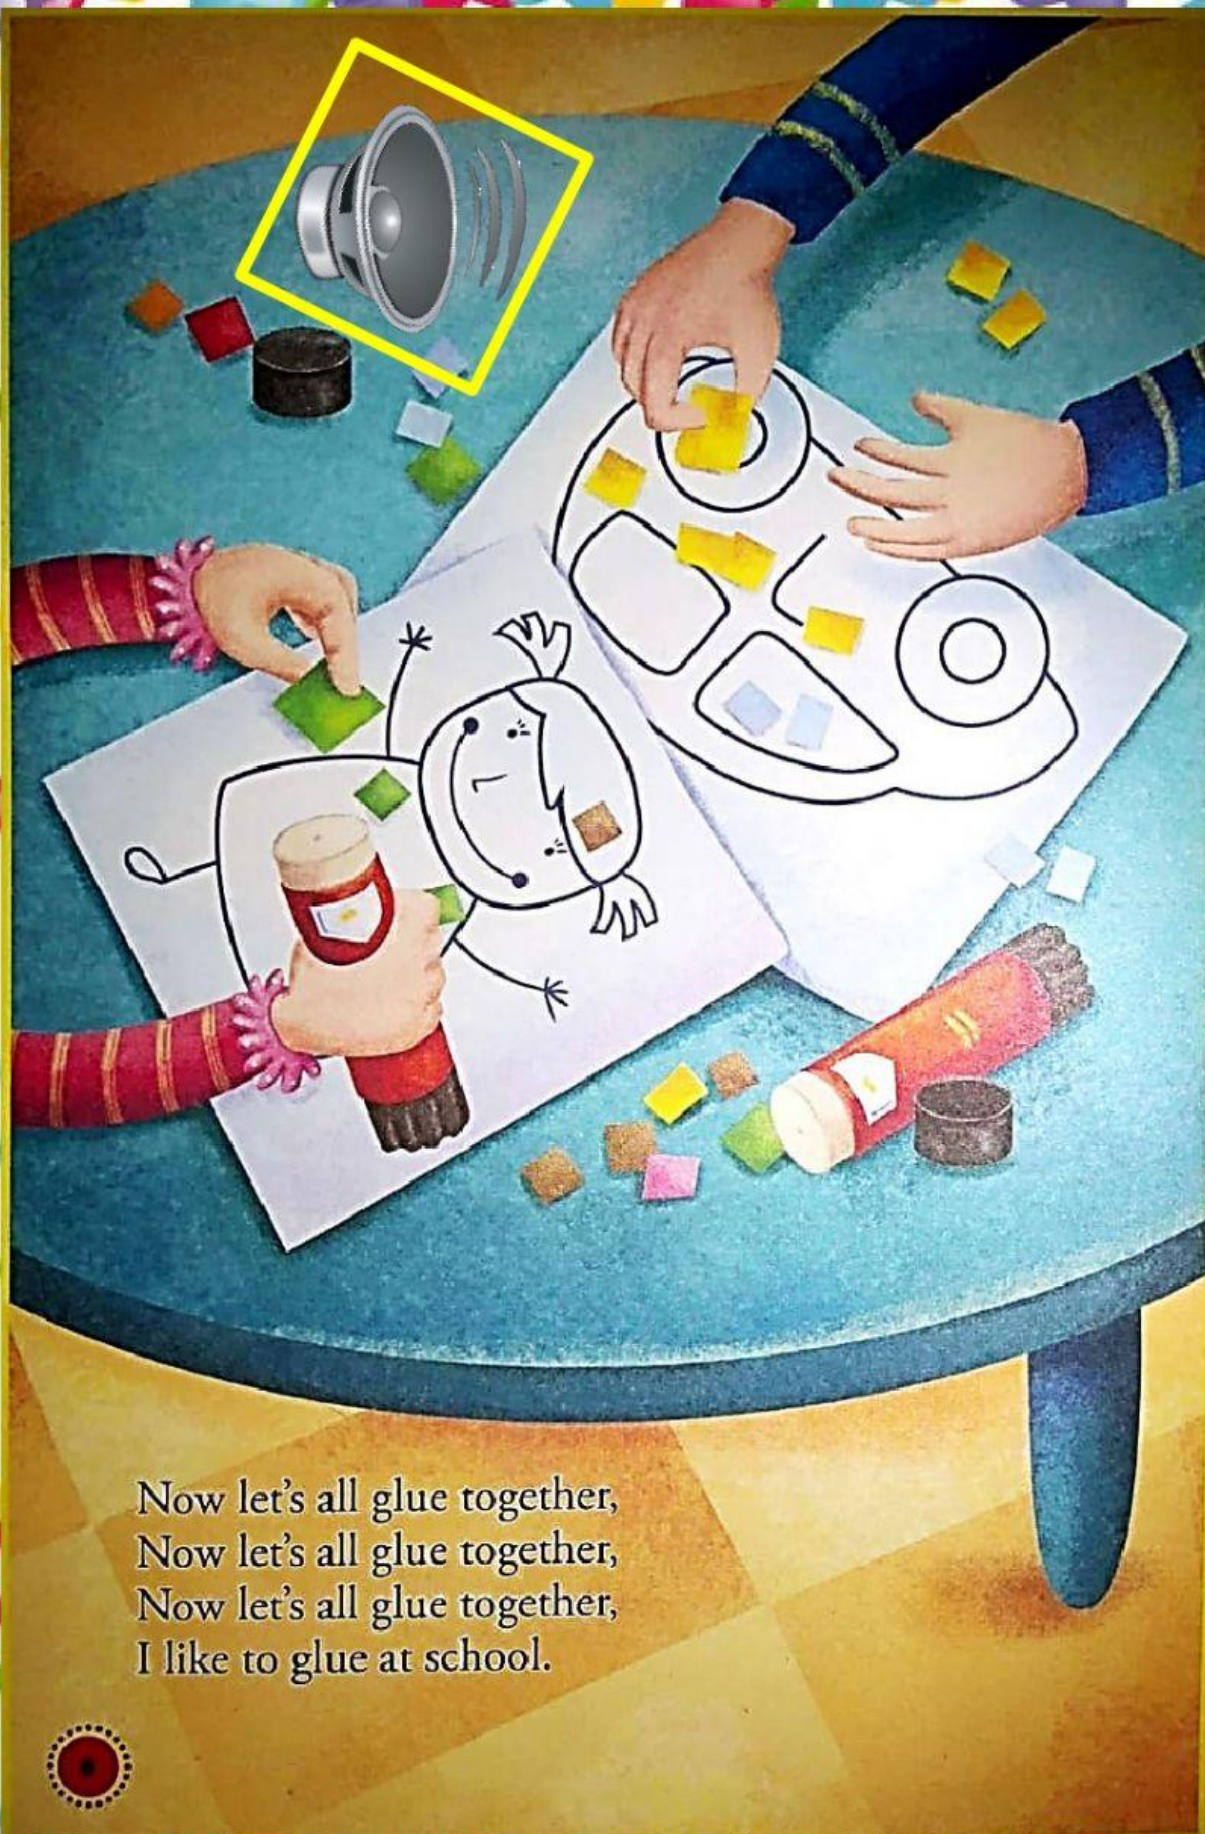

Now let's all color together,
Now let's all color together,
Now let's all color together,
I like to color at school.

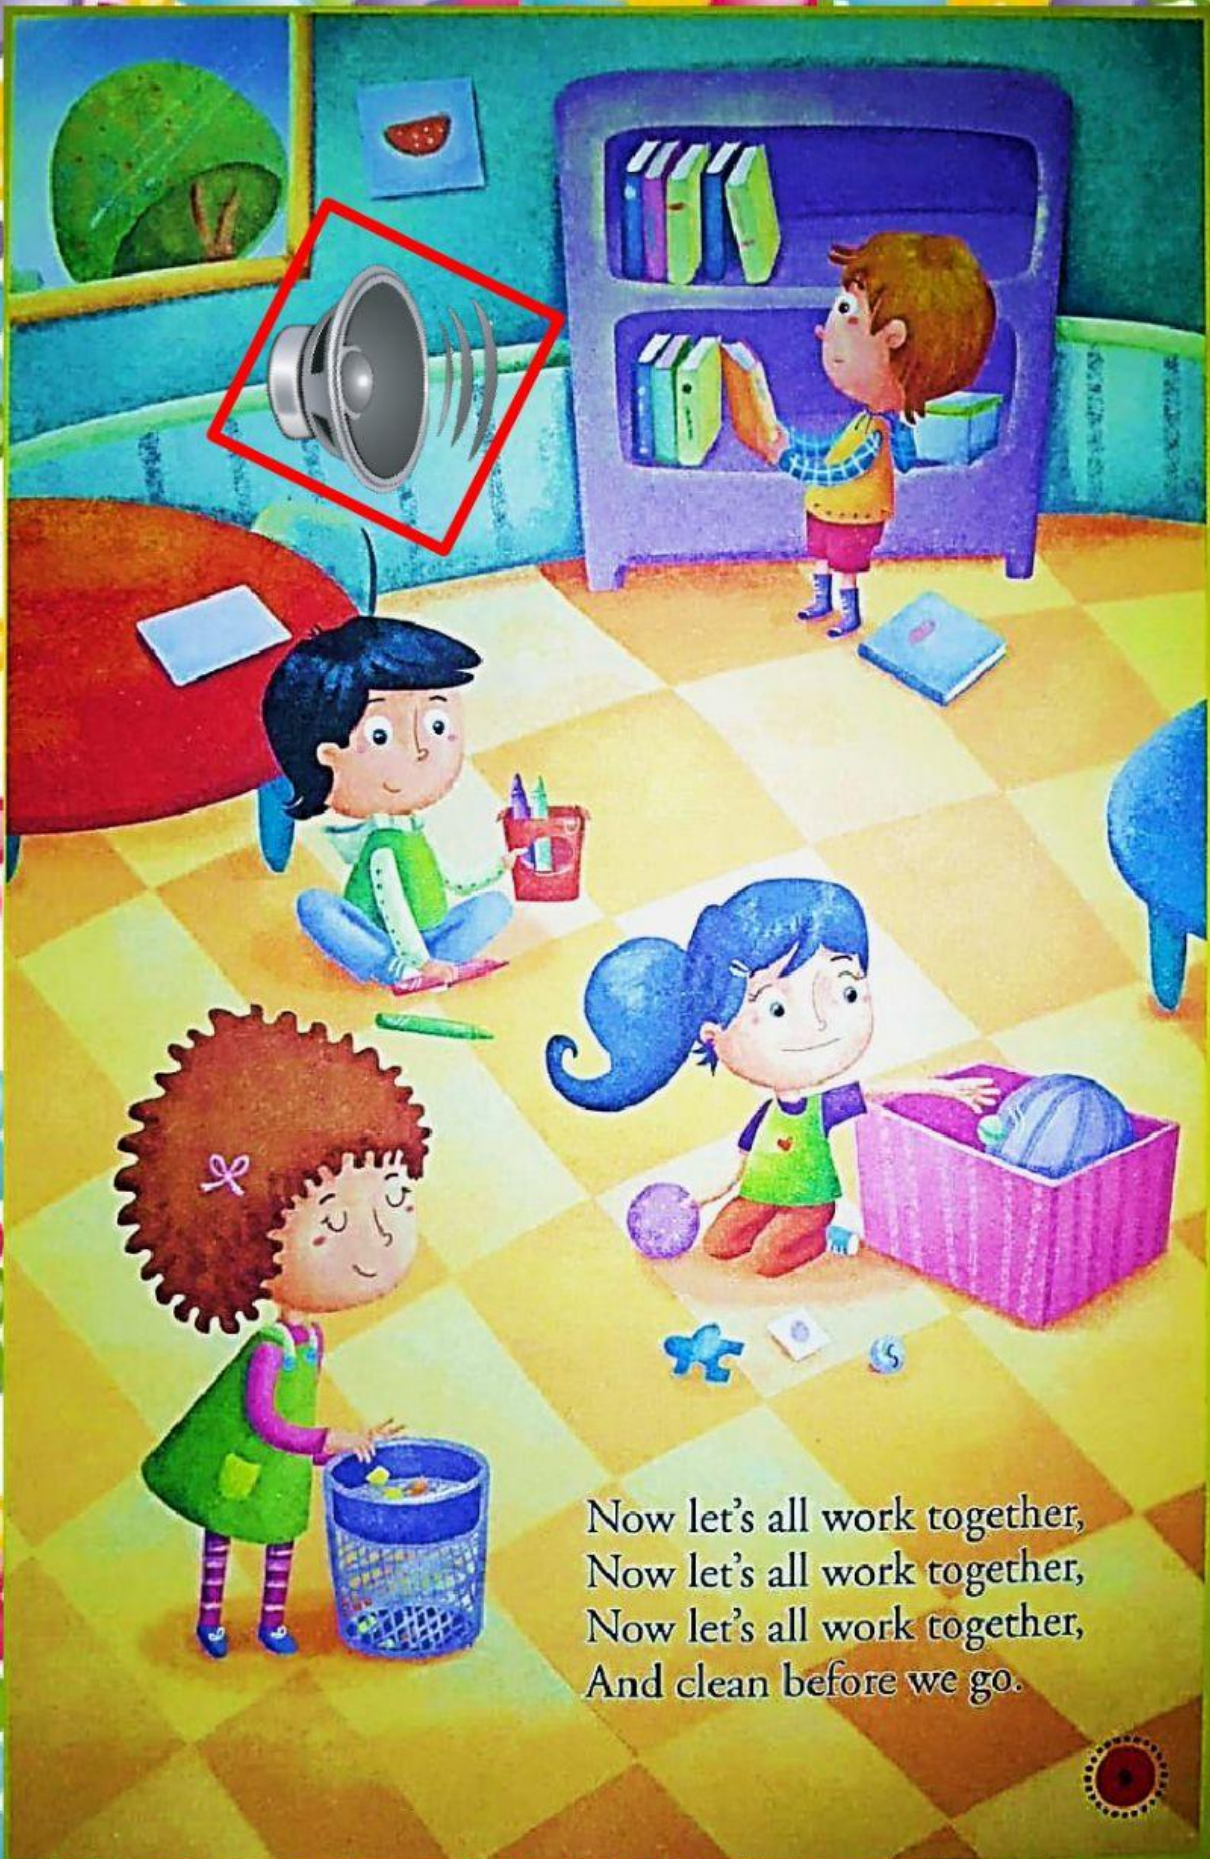

Now let's all cut together,
Now let's all cut together,
Now let's all cut together,
I like to cut at school.

Now let's all glue together,
Now let's all glue together,
Now let's all glue together,
I like to glue at school.

Now let's all work together,
Now let's all work together,
Now let's all work together,
And clean before we go.
