My teacher.

This is Mr Newton. He's my Maths teacher.

He works in a school in a big city.

He's very because he's got a lot of work.

There are 28 children in my class. His lessons aren't

or, they're very..... We like his

lessons because they're not..... It's

to learn lots of new things with him. Mr Newton's very

.....when he writes, but I'm not.
