

Summer Holiday

Listen to the song and match the half sentences.

We're all going on

No more working

Fun and laughter

No more worries

We're going

We're going where

We've all seen it

Now let's see

Everybody has a

summer holiday

on the movies

where the sun shines brightly

if it's true

a summer holiday

for a week or two

on our summer holiday

the sea is blue

for me or you
