

Lets Go **NADIDE**

Our Dear 8th Grades,

2020-2021 Academic year will have an early and fast start for you. Therefore as the English Department of Nadide we prepared a “Summer Guide” for you in order to fulfill your needs and assist you the whole summer so that you will feel more self confident in your long LGS journey next school year.

How to use the Summer Guide:

- 1- It is essential to memorize all the vocabularies unit by unit.**
- 2- After completing the first duty, you should do the tests that are implemented into the last part of the workbooks and do also the active learn worksheets.**
- 3- You can also buy a test book and complete the first three units.**

Next year will be a challenging year for you and we hope to see fully enthusiastic and well prepared when you come back in August.

If you agree, write YES.

NADIDE ELT
