

READING EXERCISE

Today I have to go to the market. I need a few things. I would like to buy some fruit, mostly oranges, so I'll buy 10. I also need rice, 10 lbs to be exactly. My list also includes sweet things, I love candy. I'll buy 2 bags of chocolate and 1 bag of marshmallows. Meat is also important, 2 pounds will be enough. My mom always tells me to eat more vegetables, that's why I'll buy a head of cabbage and a bag of tomatoes. I usually just buy broccoli and cabbage, but I think it is time for a change, don't you think so?

1. Choose the correct option.

How many bags of chocolate is the author going to buy?

How many oranges is the author going to buy?

Which vegetables did the author used to buy?

2. Match with the correct answer

My mom	10lbs of rice.
I need	sweet things.
I like	always tells me to eat more vegetables.

3. True or false

The author is going to buy broccoli and cabbage.

The author is going to the market tomorrow.

The author is going to buy a bag of tomatoes.

4. Write questions with how much/how many.

Example:

Q: How much water do you usually drink?

A: I usually drink 3 bottles of water per day.

Q:

A: I bought 3 bags of potatoe chips.

Q:

A: My dog eats 2 cans of food everyday.

Q:

A: I'm going to buy 5 bottles of juice.
